Areas of Interest: Artificial Intelligence, Machine Learning, Deep Learning, Cloud Computing

INTERPERSONAL SKILLS

- Team Leadership | Decision Making | Communication Skills | Problem Solving | Team Collaboration

PROJECTS

Graph-Based EEG Motor Imagery Classification

- Developed a Graph Neural Network model for EEG motor imagery classification. Represented EEG channels as graph nodes to capture spatial relationships. Improved Brain Computer Interface applications through graph learning. Designed the model for cross-subject adaptability.

Tuberculosis Detection Using CNN

- Built a CNN model to detect Tuberculosis from chest X-ray images. Applied preprocessing and feature extraction techniques. Improved automated diagnosis accuracy. Supported early disease detection.

AI Resume Matcher & Skill Recommender

- Developed an NLP-based resume matching system. Implemented skill-gap detection and recommendation engine. Built frontend using React.js. Integrated Node.js backend with MongoDB database.

INTERNSHIPS

- Completed a 4-week Internship at CODTECH IT Technologies.
- Completed a 2-month Academic Internship at NIT Trichy.
- Completed a 2-month Internship at VRC Pvt. Ltd., gaining startup experience.

ACADEMIC ACHIEVEMENTS

- Secured 1st Place in NextGenSec Hackathon.
- Won 1st Prize in Technical Paper Presentation at Sree Rama Engineering College.
- Secured 1st Place in Tech Talks conducted by ISTE.

CERTIFICATIONS

- Learnathon 2025 - ICT Academy.
- NPTEL Certification in Understanding Incubation and Entrepreneurship (Silver Badge).
- NASSCOM Digital 101 Certification (Silver Badge).

LEADERSHIP & ACTIVITIES

- Technical Coordinator for Glitch Hunt during Department Symposium.
- Active Member of College Web Club.
- Participated in various hackathons, workshops and technical events.
